Attn.: Mr. Joel Feldman

Dear Joel,

Sorry for the delay in getting back to you. Thank you so much for coming and speaking to our group last Thursday. I can honestly say that is the first time I've ever looked around the room and everyone was paying attention. Quite an accomplishment and something I've been unable to do. We all took away a much greater appreciation of driving distracted and we are all changing our ways. I did not mention it to you previously, but the gentleman sitting next to me also lost his 14 year old son several years ago who was struck while riding his bike by a distracted driver. Your message hits very close to all of us. Please keep up the crusade and thank you again for your time and very poignant message.

Best regards,

Robert Pagano
