

January 25, 2017

Dear Joel,

Thank you so much for taking the time to come to Jack M. Barrack Hebrew Academy to share your personal story, as well as your professional experience, regarding the dangers of distracted driving. In addition to sharing your perspective as a parent and an attorney, you gave practical suggestions and advice to our students, teachers and parents.

Your tragic story was a message that awakened us all, and serves as a reminder of how precious life is. It really does not take much for each one of us to put down our phone or eliminate other distractions while driving. We just need to do it! I can tell you based on feedback that I received from our students, faculty and parents following your presentation, you truly made an impact and a difference in our community.

Thank you for the important work that you are doing!
