Mr. Feldman,

I would like to thank you for coming to present your very heart felt presentation to our company during our safety meeting. This has really opened my eyes up to the severity of what can happen when you choose to drive distracted.

I have shared this information with my family, friends and employees in hope that it will save lives as you spoke about in your presentation. I believe you are making an impact in our communities and truly appreciate everything you are doing. I can only imagine the pain you feel during these presentations with such a significant loss and know it cannot be easy to do so.

If you ever need any assistance in the future please do not hesitate to reach out to me. This is a great cause and I would love to be able to assist you in saving lives. Thanks again for all you are doing to promote a safer highway for us all!

Sincerely,

A handwritten signature in cursive script that reads "Eddie T. Meadows".
