April 30, 2018

Dear Joel,

Thank you for your dynamic and informative presentation for the high school students at Delaware Valley Friends School on April 5th. The feedback I received was extremely positive. I had several students comment that this was one of the best assemblies that they can recall in recent years. In addition, the faculty were extremely impressed with your ability to keep a large number of easily distracted students actively engaged for over an hour.

We are grateful to you for sharing your personal story and applaud the work you are doing in Casey's memory.

Best regards,

A handwritten signature in blue ink that reads "Beth Gray". The signature is fluid and cursive.
