Re: Joel Feldman-End Distracted Driving Presentations

I feel that as a school leader it's my job to find relevant and impactful presentations to show to our community. I can say with absolute certainty that this presentation is very relevant, impactful and it will save lives. Mr. Feldman presented to our entire 12th grade class in the daytime and returned that evening to present to parents and children. Mr. Feldman connected with adults and students in a respectful and genuine fashion.

Students, teachers, counselors, administrators and parents all left the presentation with a new mindset. We are all better off for having listened to Joel's powerful story. I recommend Mr Feldman highly for schools wanting to keep their communities safe.
