To whom it may concern,

Recently Mr. Joel Feldman spoke to our Driver Education students about the dangers of distracted driving. His message as well as his presentation of the message was outstanding. He is very well spoken and engages the students in discussion and activities. The student response to his message and presentation was very positive. He challenges the students with several scenarios and tasks them with taking a proactive role in preventing distracted driving. He gives them concrete examples of how to interact with their peers, and adults in order to prevent distracted driving. If you are considering hosting a presentation in your school or other facility, I would highly recommend Joel Feldman.

Thank you to Nestle Corporation for helping to bring Joel to Naperville North High School. This presentation is absolutely necessary and it says a lot about Nestle that they want to help keep our teens safe. If you have any further questions, please feel free to contact me directly.

Sincerely,

Benny Graham

Driver Education Instructor
