

To Whom it May Concern,

My name is Karen Messina, and I am the Driver Education Teacher at Franklin High School in Somerset NJ. I was speaking to a colleague about bringing in something new to my classroom. I was looking for someone to speak about Distracted Driving that had a connection to the topic and that could connect with my students. My colleague suggested Joel Feldman. Mr. Feldman came to Franklin High School on May 6th this year and I am hoping he will return next year for each marking period reaching all my 10th graders. This is a wonderful presentation. He connected with the students with his discussions, explanations, and video's. Knowing that he had a connection to this topic was key to the presentation. Some of the students are still wearing the wrist bands he gave out that say End Distracted Driving with his daughter's name on it. Any school would be lucky to have Mr. Feldman speak to their students. I know here at FHS I am happy to have had him and am looking forward to having him back next year.
