To Whom It May Concern:

I am pleased to recommend Mr. Joel Feldman and his distracted driving awareness presentation. As the principal of Connellsville Area Senior High School, I had the opportunity to host Mr. Feldman for a presentation to our students, and it was a truly meaningful experience for everyone involved.

Mr. Feldman shares the personal story of losing his daughter to a distracted driver in a way that is honest, heartfelt, and deeply moving. He doesn't simply speak *to* students, he connects with them. Throughout the presentation, our students were engaged and attentive, and many shared afterward how much his message affected them and made them think differently about their own choices.

What stands out most is how Mr. Feldman turns such a devastating loss into something purposeful. His message is clear without being overwhelming, and it resonates with young drivers in a way that feels real and relatable. It's the kind of presentation that stays with students long after it ends.

With distracted driving continuing to be a serious issue for teenagers, I believe his program is an important and worthwhile experience for any school. I would strongly recommend Mr. Feldman to any district looking to promote student safety and responsible decision-making.

Please feel free to reach out if you would like to learn more about our experience.

Sincerely,

Nick Bosic
High School Principal
